

LAPG Training & Support - 2017/18 Training Programme

As a representative body, we know that carrying out legal aid work has never been more difficult and many members have serious concerns about the viability of the work. While we can't come to your office and pitch in as an extra fee earner, we can support you to continue to deliver an exceptional service to your clients by providing training that:

- ✓ keeps you up to date on what you need to do to comply with your legal aid contract(s)
- ✓ helps you develop your most important resource – your staff
- ✓ ensures you comply with Lexcel and the SQM
- ✓ enables you to increase the sustainability of your organisation

Our training programme concentrates heavily on management as this is key to providing the right environment for fee earners to help clients and to ensure organisations are sustainable. The CPM offers 50 hours of face-to-face and online learning, access to leading sector experts and resources directly applicable to your organisation.

We've had fantastic feedback to date from delegates and their employers, with many gaining not only management skills but also confidence.
