### **Learning and Transformation Lead**

Law Centres Network (LCN) is looking for a dynamic and creative person to help transform how we meet the legal needs of society's most vulnerable people.

At present, 45 Law Centres across the UK enable the use of legal skills as a tool for change; defending the rights of people in their communities.

LCN supports those 45 Centres and is looking for someone to drive the on-going journey of learning and transformation so that Centres can continue to be key players in their communities.

Law Centres have been hit hard by funding cuts and the impact of government policy change. Their funding base has been halved but the need for their service has increased exponentially. We would love to recruit someone who is fired by Law Centres' ambition and has the skills and energy to help them become resilient and to be able to more effectively respond to their communities.

You do not have to be a lawyer or a change consultant or an MBA. Nor do you have to live in London but you do have to get what we are trying to do, share our values and be prepared to work hard, be imaginative, be flexible, to extend your current skill set and want to make a difference.

If this is you, please email Vicki Leaver at [vicki@lawcentres.org.uk](mailto:vicki@lawcentres.org.uk) for an Information pack and application form.

Applications close at **12 Noon on Friday 2 February 2018**.

Interviews will be held on Friday 9 February 2018 in London.
