## SOLICITORS

### **Sutovic & Hartigan**

Sutovic & Hartigan Solicitors is a well-established civil litigation law firm undertaking a broad range of civil litigation work. As part of this the firm also undertakes work in niche areas such as right to light and has successfully represented clients in a diverse range of jurisdictional matters, including matters engaging the ecclesiastical courts, Olympic ticket touting and defamation where the firm's involvement was instrumental to the development of the new legal test on forum shopping for foreign nationals.

In terms of Immigration and Asylum law, Sutovic & Hartigan Solicitors is one of the leading firms in the UK. We are recognised legal experts in Immigration & Asylum, Public Law and Human Rights, which areas of practice form part of the firm's core business. We have been and continue to be at the forefront of legal developments in these fields with success at all Court levels, including in the Supreme Court.

Our team comprises of six experienced solicitors, of which three solicitors are entitled to exercise full civil higher rights of audience, a senior 20-year plus call barrister, an experienced trainee solicitor and a team of paralegal staff, the predominant number of which are Law Society Immigration & Asylum (IAAS) Accredited to Level 1 and Level 2.

We are committed to providing a comprehensive high-quality range of legal services to both our business and individual clients. We are an approachable law firm priding ourselves on offering a friendly and practical service. We are a committed team and our mission is to achieve the best outcome(s) for our clients.

One of Sutovic & Hartigan Solicitor's greatest strengths is its people. As noted within Chambers UK the firm has "standout individuals" who focus on delivery of high quality holistic legal advice and representation in highly complex and sensitive matters, including deportation, unlawful detention, unaccompanied asylum-seeking children, victims of trafficking, domestic violence, and in recent times more heavyweight national security work.
